### What is the Citizen Police Academy?

The Citizen Police Academy is a program designed to give participants a basic knowledge of how their police department operates. Instruction is presented by experienced police officers and instructors from the Fort Pierce Police Department.

While the Citizen Police Academy is not a "training class", it is an exciting opportunity to gather "information" while providing a behind-the-scenes look at the various functions within the department.

The sessions are informal and questions are encouraged. Classroom presentations, lectures and "hands-on" experiences, offer participants valuable insight into the operations of the police department.

The Citizen Police Academy is also designed to build a stronger bond of mutual trust and respect between the police department and our community.

For more information contact:
