### **Police crack down on abandoned vehicles in Fort Pierce**

**FORT PIERCE** – As part of an effort to clean up the neighborhood, the Fort Pierce Police Department, Code Enforcement and Lincoln Park Mainstreet have joined forces.

Beginning March 1, 2007, the joint operation will focus on identifying and removing abandoned vehicles from the area, designated Lincoln Park Mainstreet.

“We have received numerous requests from residents to address the problem with abandoned vehicles,” said Elise Robbins of Lincoln Park Mainstreet.

Lieutenant James Tedder said this operation is part of a larger effort that will eventually work its way through the entire city.
